INSTRUCTIONS

1. Trace the face onto the front of the mug. Cut the shape out from the template sheet. Position it in place. Tape it down along the top and slide a piece of tracing paper under it. Trace the image using a pen. Remove tracing paper and the template.
2. Using a detail brush and # 108 carefully outline the face, the eyes, the nose, and the mouth.
3. Paint the mug all around the face with # 18 using a medium flat brush. Apply two coats to the inside of the mug, the sides, the bottom of the mug, and the handle.
4. Paint the face with # 68 using a small round brush. Apply two coats around the eyes, nose, and mouth.
5. Paint the nose and the tongue with # 66.
6. Paint inside the mouth and around the mouth with # 15. Use a medium flat brush to paint inside of the mouth around the tongue. Use a small round brush and a detail brush to add thin lines between the teeth and also outline the nostrils.
7. Use a small sponge to add rosy cheeks to the upper part of the face as shown in the sample image. Use # 66.
8. Paint the whites of the eyes and the teeth with # 67.
9. Paint the eyes with brown # 61 and black # 31. Paint a small brown circle in each eye and then add tiny black dot in the center.
10. Add the fur by making rusty red brush strokes all around the orange background. Use a small round brush and # 108. Make sure to add a single curved brush stroke above the eyes.
